

CAN-AM CASE STUDY 2024

PAULDAVIS™ Property Restoration Experts Winston, NC

THE BUSINESS

Paul Davis Restoration is a leading provider of emergency cleanup and restoration services for residential, commercial, and institutional properties. Founded in 1966, the company has grown into a network of over 300 independently owned and operated franchises across North America. Paul Davis specializes in mitigating and restoring damage caused by fire, water, storms, mold, and other disasters. Their certified professionals are equipped with industry-leading tools and expertise to respond rapidly and effectively to emergencies, ensuring properties are restored to their pre-loss condition as quickly as possible.

From the install to the outstanding kick off calls setting everything up for us, Can-Am's Fleet Management has changed the way we do business very much for the better "

Mary Roberts
Paul Davis Restoration Manager NC

CHALLENGES

The challenge for Paul Davis was to have an affordable solution to the lack of visibility of its fleet during working hours, vehicle maintenance, and employee compliance with the driving of vehicles after hours. This was resulting in higher insurance rates and excessive fuel bills, reducing profits!

SOLUTIONS

Paul Davis chose Can-Am Telematics because we provided a simple, affordable solution. It simple to use, accountability and automated reports/alerts with the opportunity to grow with the solution (cameras, asset trackers, etc.) alongside their business. Can-Am set up everything from installation guidance to automated reporting and alerts to customized dashboards per user, totally secure. To assist the company in operating at maximum efficiency whilst, in turn, saving Paul Davis money and performing outstanding customer service.
