CAN-AM

CASE STUDY 2022

Oviedo, FL

BLUE HAVEN POOLS & SPAS
since 1954
World's Largest!

THE BUSINESS

With instant fleet tracking and extensive analytic capabilities available at your fingertips, Can-Am can help you harness the data you already have to uncover efficiency gaps and problem areas, maximizing the power of your entire fleet.

"Our previous fleet management system was difficult to use and we had a hard time navigating the system. Then, we came across Can-Am Wireless, contacted them and they offered us a free pilot! We were pleasantly surprised with the ease of use of the Geotab platform and their personalized customer service, that we went ahead and jumped on-board and are enjoying the positive results right now."

Casey Worthey, General Manager

CHALLENGES ⌄

The challenge for Blue Haven Pools & Spas: A lack of visibility of its fleet during working hours, employee compliance of driving vehicles after hours; resulting in higher insurance rates (due to the possibility of many unknowns).

SOLUTIONS ⌄

Blue Haven Pools Spas chose Can-Am Telematics because it provided a simple solution to providing accountability and reports with the opportunity to grow with business. Can-Am set up Blue Haven Pools & Spas with asset reports, cameras and other integrations to allow the company to function more efficiently. In turn, saving the company money while allowing it to better serve its customers.
