

CAN-AM CASE STUDY 2021

KGI

Austin, TX

THE BUSINESS

With instant fleet tracking and extensive analytic capabilities available at your fingertips, Can-Am can help you harness the data you already have to uncover efficiency gaps and problem areas, maximizing the power of your entire fleet.

"I am so happy with your company's attention to detail! The comparison between Can-Am and your competitors is like night and day."
Denise Griffin

KGI WIRELESS OPERATIONS MANAGER

CHALLENGES

CHALLENGE: The challenge for KGI Wireless: A lack of visibility of its fleet during working hours, employee compliance of driving vehicles after hours, resulting in higher insurance rates (due to the possibility of many unknowns).

SOLUTIONS

KGI chose Can-Am Telematics because it provided a solution for accountability and reports with the opportunity to grow with their business. Can-Am set up KGI with asset reports, cameras, and other integrations to allow the company to function efficiently. In turn, saving the company money while allowing it to better serve its customers.
