CAN-AM
CASE STUDY 2022

Cedar Crest Gardens
Dallas, TX

THE BUSINESS

With instant fleet tracking and extensive analytic capabilities available at your fingertips, Can-Am can help you harness the data you already have to uncover efficiency gaps and problem areas, maximizing the power of your entire fleet

"We had been struggling with the terrible experience with our previous Geotab reseller who provided zero training and customer service. Now that we switched to Can-Am, everyone is very impressed with the total white-glove treatment and all the numerous free training the Can-Am team provided free of charge"

Joshua R.
General Manager

CHALLENGES ⌄

The challenge for Cedar Crest Gardens: Driver safety, lack of visibility of its fleet and assets during working hours, employee compliance of driving vehicles after hours; resulting in higher insurance rates (due to the possibility of many unknowns)

SOLUTIONS ⌄

Cedar Crest Gardens chose Can-Am Telematics and AI connected dash cam because it provided a simple solution to providing accountability and reports with the opportunity to grow with business. Can-Am set up Cedar Crest Gardens with asset reports, cameras and other integrations to allow the company to function more efficiently. In turn, saving the company money while allowing it to better serve its custom.
